

Mrs. Walsh - St. Isidore's 1st Grade

I am originally from the bay area, where I attended private schools for both elementary and high school. I then moved to Chico, where I received my degree and teaching credential at Chico State. After graduation, I began teaching in a preschool, where I met my husband of three years. In 2007, my husband and I moved to Yuba City to be closer to his work. I started working at Holy Angels and fell in love with everything about St. Isidore's. I'm blessed to be a part of this school community.

CURRICULUM
